Create an Account in Sendgrid:

The screenshot shows a web browser window displaying the SendGrid welcome page. The browser's address bar shows the URL `app.sendgrid.com/guide?from=profile&integrate=true`. The page has a light blue header with the user's name "Welcome, RAHITHA!" and a sub-header "To get up and running quickly, please follow the steps outlined below." Below this is a blue banner with the text "Send your first emails with Twilio SendGrid" and an illustration of two people running. The main content area is titled "Send your first email" and includes the instruction "Choose one of these common ways to send email. You can always explore the other options later." There are two primary options: "Integrate using our Web API or SMTP Relay" (with a code icon) and "Build and send using Marketing Campaigns" (with a megaphone icon). A left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The Windows taskbar at the bottom shows the date as 15-11-2022 and the time as 21:58.
